TROOPS TO ENERGY JOBS

TROOPS TO ENERGY JOBS CAREER FAIR

A **Free** Virtual Career Fair Recruitment Event from the **Center for Energy Workforce Development**

Save the Date
05.24.2022
12–4 p.m. EST / 11 a.m.–3 p.m. CST / 9 a.m.–1 p.m. PST

- Workforce of six million people and counting.
- Stable and essential careers.
- Outstanding career advancement potential.
- Strong compensation.

The Troops to Energy Jobs Career Fair will connect **transitioning servicemen and women, veterans, military spouses, and those who serve in the Guard and Reserves** with energy employers from coast- to- coast. These employers recognize that those who have served our country have the leadership, work ethic, team orientation, commitment to national security, and so many sought-after aptitudes that enable them to successfully transition into energy careers. With a growing labor force, the energy industry has a large need for skilled trade professionals, engineers, technicians, plant operators, cyber-security experts, and business professionals.

Join us to:

- Meet military recruiters whose companies have pledged to:
  - Make it easier for veterans to translate their skills and training.
  - Accelerate the time it takes veterans to earn required credentials or degrees.
  - Provide full value for military training and experience when hiring.
  - Create a military-friendly environment within the company.
  - Increase the number of veterans who are recruited, hired, and retained.
- Discover what energy career paths might be logical entry points based on your military service.
- See how military experiences may pre-qualify you for specific energy careers.
- Understand why there has never been a more exciting time to work in energy.
