

Fall Into a Great Opportunity!

SDMyers is a service company focused on transformers, maintenance and electrical power systems. We are seeking individuals that value a culture of growth and genuine care for others, while aligning with our vision to build a “Good Place” to work.

We are currently searching for:

Field Service Technicians – CDL preferred and the ability to travel

Mobile Sample Technicians – Ability to travel and drive a company van

Lab Technicians, 1st, 2nd and 3rd shifts – science background or equivalent lab experience

Join us at our Hiring Event on Tuesday, October 25 from 5p – 8p for immediate interviews
