

Tuesday Talks with:

MARCH 12, 2024
10-11:30am

Presenter:
Joshua Hinkel
Staff Attorney, Community
Legal Aid

Record Sealing and Expungement: What It Is and What It Isn't

Someone exploring ways to remove barriers associated with a criminal record often look to record sealing and expungement only to find more confusion and unrealistic expectations. Join us to learn the do's and don'ts, and how to make appropriate choices. We'll discuss outcomes, process, and the misinformation associated with these options. We'll also discuss alternatives that may be more suitable, like a Certificate of Qualification for Employment or even a pardon. Whether you are a returning citizen, a community provider, or just interested in the topic, there will be something useful for you to learn.
